FACILITIES)

DATE: 29, NOVEMBER 2025

TIME: 12:00 Noon-1:00 PM

AUDIENCE: ACN STUDENTS (NEW BATCH B.SC (N) SEM-1)

The buddy programme of BFUHS has a unit in ACN and it has organised an awareness A lecture on Treatment and Health Care Facilities for Patients under Anti-Drug Abuse was successfully conducted for students under the Buddy Programme. The session was delivered by MS. Ritu with the objective of creating awareness about drug abuse, available treatment options, rehabilitation services, and the role of health care systems in prevention and recovery. Objectives of the Lecture: To create awareness among students about the harmful effects of drug abuse. To educate students about available treatment and health care facilities for drug-dependent patients. To highlight the role of government and non-government organizations in anti-drug abuse programs.
