MINUTES:-

A Presentation Delivered On topic " Sustainable development Goal." The main focus of the topic is Goal -3- "Good Health & Well Being." These goals aim to create a sustainable future where economic growth, environmental protection, and social inclusion go hand in hand. Achieving the SDGs requires the cooperation of governments, businesses, civil society, and individuals worldwide. While significant progress has been made in areas such as education and healthcare, many challenges remain, especially in addressing climate change and reducing global inequality. The COVID-19 pandemic further slowed progress in several areas, emphasizing the urgent need for resilient systems and inclusive growth.
